Skyhawks Multi-Sport Camp	11	
British Soccer Camp	47	
Earth Skills Camp	10	(Full with waitlist, added a second camp)
Whidbey Island Triathlon	~300	

### **Triathlon (check out the photos on reverse)**

We had a great event, and according to the post-race survey, 100% had a good experience at our triathlon. We were complimented in particular on our post-race food, the scenery, and the volunteers. We changed our transportation plan to adapt to the sale of the shuttle and van. The biggest challenge was, as always, finding enough volunteers. A record was broken for overall finish time. Numbers day of race: 209 Individuals plus 23 relay teams comprised of 67 team members = 276 total racers on day of race. There were more registered (around 300), but there's always 5-10% who don't show due to injuries, illness, or general life happenings.

### **Cancellation / Refund Policy**

As more programs have begun filling up, with waitlists, this has caused folks to hurry and sign up for programs, then later cancel at the last minute, due to "schedule conflicts". Our current policy allows a refund anywhere into the second day of a program, making it so that there's no way to place someone else in the program. This has been taken advantage of a lot over the past year. It's expensive, and makes it so kids on the waitlist can't participate, and we'd like to curb it with a new policy.

### **Concerts in the Park**

We had a great turnout for this year's concerts and really solid performances. The incredible weather helped a lot!
