To the South Whidbey Community,

The South Whidbey Parks and Recreation District Board of Commissioners would like to thank the entire South Whidbey community for its continued support with the approval of our four-year Maintenance and Operations Levy.

Your support will fund the operation and maintenance of Community Park, the Sports Complex on Langley Road, the new Trustland Trails facility along Highway 525 near Bayview, and the public accesses to Goss Lake near Freeland, Lone Lake near Langley and Deer Lake near Clinton. Your support also funds recreational programs including camps and trips, athletic programs for youth and adults, specialized programs for seniors, and learning classes for all ages

The South Whidbey Parks and Recreation District board appreciates the trust placed in us, our Director, and our Staff. We will continue to strive to provide high quality programs, facilities and parks to our community while efficiently and carefully managing the funds you provide us. Thank you again for your support.

Sincerely,

Don Wood, Chair

Matt Simms, Treasurer

Joel Gerlach, Vice Chair

Mark Helpenstell, Secretary

Bob Hezel Jr., Commissioner
